

Offshore Mini Cargo

Uniteam deliver, in addition to 10' and 20' closed containers, mini containers for offshore usage. The container is produced in accordance with the DNV Certification Notes 2.7-1 and NS-EN 12079.

One of many offshore variations Uniteam can deliver.

The mini container is well suited for transport of smaller items. It is equipped with a removable middle floor for simple storage of smaller items. The middle floor is made of loose steel beams with an aluminium plate over. It is fixed easily in the correct position and can easily be stored fixed against the front door when it is not used. Max weight on the middle floor is 2 tons.

Uniteam also deliver other types of offshore Cargo Carrying Units.

Surface treatment for a highly corrosive environment.

Technical Specifications:

	Length	1,905 mm
	Width	1,605 mm
	Height	2,882 mm
	Length	1,755 mm
